News Letter Ed and Susan Hungary January 2015

Dear friends we want to wish and pray that 2015 will be a good and blessed new year for you.

2014 was a challenging year with lots of new changes. I have given over my job as director of the CPC Budapest to Judit Gulyas, Szabadhelyi Gabor became the new president of Shout For Life Association. And our personal lives concerning our three foster children has changed as well. Because of this we have now more time to do the work for SFL, but also because of this financial support has been stopped.

In December we had several strategic meetings where we talked about the plans for 2015. As a result of this and through a training we got in friend raising, we would like to dedicate a part of our time in 2015 to raise friends. Prior to this it was the director's job to establish contacts and raise funds for SFL. Now both my wife and me and Judit will be responsible for raising our own friend based support. To help in this and to keep you informed of what is happening in our personal life's, in the ministry and of prayer needs it is our desire to give you a monthly personal news letter. Part of our time so far went away with preparing a portfolio in which we explain what SFL is all about, and our personal involvement in this.

Christmas celebration, Gabor with his pregnant wife on right, some board members, my wife and me

In closing we want to thank you for being our friends and fighting the good fight for life with us. If you know of anybody who would love to know more about SFL, please let us know. Thanks for all your prayer and support. With Love ED and Susan Bergs

## Goals for 2015

- \* Raise public awareness through web site, facebook
- \* Expand the abstinence ministry
- \* Start up the gynecologist service
- \* Translate a book "The shedding of innocent blood" by pastor Tony Sperandeo.

## The responsibilities of my wife and me will be to:

- \* visit churches nationally to warn and establish life giving ministries
- \* do trainings
- \* do office work at the CPC
- \* help in fundraising events
- \* do relationship building

On the the last days of 2014 and in the beginning of 2015 we had several unwanted pregnant girls contacting us. Two girls in particular were in very hard, sad and difficult situations. One girl needs to make a decision that will influence her goal that she had had for her whole life.
